Dear Judge Kopf:

Hi how are you doing? I'm doing fine for myself. Will as you know my name is Ayesha Murray. I'm 10 years old and in the fifth grade. I think my mother's sentence should be reduced because me and my sister and her in are here. My little sister always says when is mommy coming home and I don't think that is right because all little kids should grow up with their mom. My mom was the best mom she could be for us she put food on the table, clothes on my back, a roof over my head, and money in my pocket. My mom helps every thing she can for us while she's in the penitentiary and she will do everything she can do for us when we fight her out of that no good place.

Signed Ayesha Murray
