To Whom It May Concern:

Peace be with you.

I am very pleased to present a letter of support on behalf of Hamedra Hasan #13847-047. I am sure that many people can say many wonderful things about Hamedra, and I probably could not add much more. She is a person with many wonderful qualities and I would like to highlight a few of them (God willing).

I am the Muslim Chaplain here at FCI Dublin, and I have had the opportunity to work with Hamedra and observe her in the *working environment*. I must say, her character, behavior, level of maturity and integrity, her commitment to be a good Muslim, trusting in Allah (G'd) and being just towards humanity are qualities that she brings to life. I have to express these observations because they are true.

I know for sure that the *Muslim Community* benefits from Hamedra's presence, energy and support. The non-Muslim community also benefits from their relationship with her. Over the years, she has assisted me in serving the community and it has been and is a blessing that I am ever grateful for. Hamedra has demonstrated by her works, deeds and good character that she is able to deal with the challenges of life with a level head in ways that are best.

It is my opinion that Hamedra is in a place in her life where she is able to utilize and balance her spiritual and intellectual supports to assist her in making the best decisions on a day-to-day basis. I believe Hamedra's priorities, expectations and goals are

realistic and attainable. I believe as long as she strives (as she is doing) to be right by Allah (G'd), she will be successful. I invite us all to use our best resources to support Hameda in her pursuit of excellence and success. May Allah (G'd) have mercy on all of us and bless us with compassion, courage and justice as strong qualities of our decision-making processes.

Respectfully,

A handwritten signature in black ink that reads "Imam Rasheed Shabazz". The signature is written in a cursive, flowing style.
