**RE: INMATE HAMEDA HASSAN, REG. NO. 13847-047**

Dear Mr. Reiman,

The letter is to verify the information I provided you last week by telephone.

Ms. Hassan was an inmate at this facility for many months until her transfer to a federal BOP institution last year. Her conduct here was excellent overall. On at least two occasions Ms. Hassan went to local high schools to give 'testimonial' remarks about her involvement with drugs, crime and her subsequent incarceration. She was very persuasive in assisting young people to make appropriate life choices.

Ms. Hassan was very instrumental in a public service film project designed to deter youthful offenders from crime. In that process she made two or three trips to the Spokane County Juvenile Detention Center, where she again shared her story and urged kids to make better life decisions. Unfortunately the film project was not completed due to lack of technical resources.

I had direct interaction with Ms. Hassan in the above related activities.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Pannek".
