

Residence:

I plan to reside in Portland, OR with a family member until I am able to secure and maintain my own housing. Exact residence undecided at this time. I must obtain prior approval from the U.S. Probation Department to "relocate" to Oregon. This is required because my case and supervision is in Omaha, NE.. I have no friends or family support in Nebraska.

Immediate Employment:

I plan to network through family and friends for leads, as well as utilizing the traditional "foot work" methods. (newspapers, internet, & door to door search) I don't have a particular field of interest in mind that I will be searching; I plan to see what's available and reconcile that with my skills. See attached "resume."

Education:

If not completed, I plan to earn the remaining units needed to obtain my AA degree. Once completed, I plan to seek ~~out~~ and complete public service & business related courses or programs to increase my knowledge related to nonprofit organizations.

Business Goal:

My ultimate business goal is to start an organization that supports and empowers children with incarcerated parents. See

Release Plan & Goals Hamedah Hasan - p.2

attached "Family Village" synopsis. My projected time frame is two years from release or upon expiration of supervised release if supervision exceeds two years and presents an obstacle. Interim also to be spent identifying, soliciting, & securing program support and resources.
