

Hello My name is Ayesha Murray, Hamedah's second born. My mother has had the biggest impact on my life. Even from behind prison walls she has always reached out to me and gave me the best motherly guidance that a woman can give her child. She has installed good qualities into me.

I am beyond ready for her to come home. She is the root to our family. Once she is released it will bring a lot of joy to our family, especially my grandparents. My grandmother has been really sick over the last years and I feel like that by her being released would really take a lot of stress off of my grandmother. By my mom physically being here with us.

This past summer seeing the smile on my grandmother's face that I haven't seen for years when we found out that my mother would be getting released from prison was absolutely priceless. Then to find out she wouldn't be coming home was extremely heart breaking.

Sincerely, Ayesha Murray
